THE JOURNAL OF OCEAN TECHNOLOGY

The Journal of Ocean Technology is an independent quarterly periodical designed specifically to cater to all segments of the world's ocean technology community. Its mission is to expand global knowledge and understanding of ocean technologies and to serve as the medium for publishing world-leading research and innovation that contributes to responsible ocean exploitation and management.

Whether you are interested in subscribing, advertising or publishing in the JOT, we would like to hear from you. Contact us today for more information on how you or your organization can benefit from a relationship with us. We look forward to discussing your requirements.
